

TARIFF PICTURES.

During the last five years of our last free-trade period, 1855-60, the average export price of American wheat fell from \$1.66

a bushel to .98

cents a bushel. That is the kind of prosperity Cobdenism brings to farmers.

ENGLISH.

St. Louis Globe-Democrat.—The income tax is English, you know, which accounts for the fact that it is favored by the Free-traders in this country.

TRIFLING WITH REPUBLICAN LEGISLATION.

St. Louis Globe-Democrat.—Secretary Carlisle's chances for the Presidency will turn to vapor the moment that he recommends the restoration of the sugar duty.

PREACH VS. PRACTICE.

New York Press.—Cleveland continues to prove that "public office is a public trust" by continuing to appoint men to responsible public positions who acknowledge themselves that they are totally ignorant of their duties.

HOW CAN WE?

New York Press.—The advice of Cleveland to "keep cool" is characteristically insolent, when it is remembered that the present Administration is chiefly responsible for the prevailing uneasiness in financial and commercial circles.

RECIPROCATING.

Detroit Tribune.—Minister Blount has not yet stated whether he will render any assistance to England in case she undertakes to annex Hawaii, but there are reasons for believing that he will, at least, maintain a dignified neutrality.

EDUCATION UNDEMOCRATIC.

Milwaukee Sentinel.—The Atlanta Constitution, in the intervals of pleading for dollars worth less than a dollar apiece, takes time to tell the Illinois Democrats that compulsory education "will never commend itself to genuine Democrats."

NO LONGER IN DOUBT.

Boston Journal.—The ancient and unregenerate spoilsman is doing a good deal of sly titering just at present. He has always suspected that these independent "reformers," with their lofty airs, were a lot of Pharisees, and now he knows it.

"REFORM!"

Boston Journal.—Logan Carlisle's frank reply to the protests of a dismissed office-holder that the purpose was "to put in his place as good a Democrat as he was a Republican" seems to be the keynote of the Civil Service policy of our "reform" Administration.

HIGH TRAGEDY.

New York Press.—The spectacle would be amusing, were it not suggestive of possible tragedy, of Mr. Cleveland, advising, in a fatherly way, a man with assets of a million, pacing the floor at night wondering how he can raise \$50,000 in cash to carry him over the morrow, not to be frightened, but to be "conservative" and "patriotic," and to "look hopefully to the future."

Go all other sufferers and do likewise!

A Record Breaker.

During the month of April the C. and O. made the unprecedented record of taking its P. P. V. limited into Cincinnati every day on time. This is remarkable, as the train was run a distance of 828 miles from New York to Cincinnati. In the month of May the same train reached Cincinnati twenty-eight days on time, and the other three days only a few minutes late, never once missing connections. The Washington Fast Line during the month of May reached Cincinnati on time twenty-five times, and an average of fifteen minutes late six times. Eastbound, the vestibuled train leaving Cincinnati at 8 a. m., arrived at Washington thirty days on time, and the F. P. Do You Know

that a large percentage of deaths in this country are caused by consumption and lung trouble? A little cold neglected in the beginning often terminates in consumption. Every time you cough you increase the trouble, and an inflammation is soon started, which is difficult to control. There is one remedy that cures quickly every kind of cough. That is Dr. Hale's Household Cough Cure. It is the best. Are you not entitled to the best? For sale at 25 and 50 cents a bottle at Power & Reynolds's Drugstore.

"Leading Local Paper."

The Maysville correspondent of The Commonwealth says it is currently reported that The Cincinnati Tribune and MAYSVILLE PUBLIC LEDGER have arranged to have both papers delivered to THE LEDGER's city subscribers at fifty cents a month—just the price that is now charged for The Tribune alone. THE LEDGER is a bright, newsy paper, and The Tribune is lucky if the report be true. It is said that The Tribune is combining thus with the leading local paper all up and down the river. It remains to be seen how the regular five-cent dailies will meet this departure for business.

THE decoration of the Confederate graves and the dedication of the new Confederate Monument will occur at the Lexington Cemetery under the auspices of the Honorary Confederate Veterans' Association this afternoon. The address will be delivered by Colonel W. C. P. Breckinridge.

JUSTICE TO SOLDIERS.

They Should at Least Receive the Coin Value of Their Pay.

Commander James B. Hart of the North Dakota G. A. R. advances the following proposition on the subject of pensions:

"If this Government cannot afford to pension its defenders after twenty-eight years of unexampled prosperity, justice and equity are the principles we will now urge—that the difference in currency which was paid the soldiers and sailors and its coin value be made up to them, principal and interest, the same as was paid the bondholders. The amount of interest paid the bondholders since 1861 is more than three times as much as the amount of money paid wounded and disabled soldiers and sailors for pensions. The coin value of a soldier's and sailor's pay was \$5.30 per month, the loss by the depreciation of the currency was \$7.80 per month, and interest to date is due each man."

A Hint to World's Fair Visitors.

A prominent citizen of Soles Mound, Ill., while in Chicago, was taken with violent choleric pains and diarrhoea. He took blackberry brandy three or four times without relief. He then secured a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and upon taking one dose the pains disappeared and the second dose cured the diarrhoea. Dr. H. M. Fowler of Soles Mound is our authority for the above statement. Visitors to the World's Fair should procure a 25-cent bottle of this remedy before leaving home. It is for sale by Power & Reynolds, Druggists.

THE BORDEN TRIAL.

The Feeling Begins to Grow That the Accused Girl Is Innocent or Insane.

NEW BEDFORD, Mass., June 10.—It was 8:40 o'clock Friday afternoon when the court decided to adjourn the Lizzie Borden case until Saturday morning.

As the details in this remarkable case come out day by day the feeling is growing stronger that Lizzie Borden could not have committed the crime if she had been a sane woman. The prosecution have cut down the time in which the murder must have been committed to twelve minutes.

It would seem to any common-sense person physically impossible for a small woman like Lizzie Borden to commit two murders in twelve minutes, destroy all traces of the crime and reappear with hair unruined, with clothing smooth, without face even flushed. The very strongest points brought out by the prosecution day by day seemingly prove the fallacy of these views.
